STANLEY/STELLA

Made Differently

Responsible game changers. Quality seekers. Stanley/Stella is a community of passionate individuals, driven by a common desire to reinvent fashion for a better world. Since our conception in 2012, we have made it our mission to produce impeccable garments, while building a transparent and sustainable fashion ecosystem.

Our thoughtful approach is reflected in the premium quality of our garments. We believe in the power of simplicity and aim to create refined pieces that we are proud to sell and wear. Each item in our collection allows the wearer to express their style, while never compromising their values and beliefs.

We also believe that there is strength in numbers, which is why we work exclusively with those who share our values. Together with our suppliers, partners, employees and customers, we form a community of like-minded individuals, driven by desire for innovation and change. Together, we are making this change happen, one ethically crafted garment at a time.

Discover our DNA →

Committing to community.
Everything at Stanley/Stella is about people. It is our essence. From our suppliers and dealers to our employees and customers, we ensure everyone feels listened to and is treated with respect and dignity. We actively strive to create an ecosystem that feels positive and empowered.

SS24

Our biggest shake-up yet

As game changers, we're constantly looking for ways to reinvent fashion for a better world – while at the same time, evolving with your needs, and making sure our garments are the best they can be. This collection signals our biggest shake up yet.

A relentless quest for excellence

We never compromise when it comes to quality. And this collection is a testament to our relentless quest to offer the best ready-to-decorate garments on the market. Guided by extensive research and market needs, we've uplifted and expanded our best-selling Iconics range and revitalised our women's short sleeve t-shirt range.

DTG innovation →
KORNIT's revolutionary 3D DTG printing delivers a high-density design by printing multiple layers of water-based ink.

Focusing on the essence

It’s not about having every style in the world – it’s about having the right ones. Styles that meet the diverse needs of our customers, whatever their age, gender, body shape, or location. By simplifying our collection structure and bringing a new focus to lightweight styles, we’re making it easier to find sustainable blank garments that tick every box.

← Harmonious colours
Our extensive colour palette offers inspiration for single-colour or multi-colour DTF transfers in toning or contrasting colours.

Modernised look & feel

At the heart of SS24 is a complete revamp of our Iconic styles and our women's short sleeve t-shirt range. We've modernised fits and increased attention to detail. Plus, our Iconics 2.0 sweatshirts are now 100% organic cotton, which gives them a unique, natural handfeel that's full of character.

Playful positionnings →
Water-based screen transfer offers the flexibility and convenience to place designs in unexpected positions.

Perfected decoration results

For SS24, our decoration team had the tough mission to make our excellent decoration results even better. They carried out over 1,000 tests, looking at everything from ink absorption to dye migration. They even analysed our competitors' best styles and performed decoration tests on them too. The result? A new standard of printability that exceeds all expectations.

↖ Eye-catching combinations
Combining 3D embroidery and screen transfer adds variety and creates a striking look on this Changer sweatshirt.

← Impactful messaging
Using water-based ink alongside a light black puff print makes messages stand out, like on this Sparker 2.0 t-shirt.

SS24

Inspired by you

We believe in evolving, with you and for you. Our two years of in-depth research has helped us create a collection that not only resonates with your individuality, but also fulfils the needs of the market at a competitive price. With this SS24 Collection, we're honouring real stories of people like you who are forging their own path. Stories that inspire courage, spark ideas, and ignite hope for the future.

You are our greatest inspiration. As you reinvent yourselves to create a better world, we continually evolve to meet your needs – so you can share your passion and purpose with the world through our garments.

Tell your story with Stanley/Stella and be part of the change.

Iconics 2.0

At Stanley/Stella, we're moving forward in a new direction that aligns even better with our DNA and values. We've taken our best-selling iconic styles back to the drawing board to make them even better – and make them 100% organic cotton.

It takes passion and perseverance to drive change that matters. No better way to show off our collection than through people who share these values. With their family-run business, Cacliment, Ana, Rosa and Edu Climent are bringing old farming traditions back to life and saving Valencian varieties of peanuts from extinction.

New women’s styles

We believe every woman deserves the perfect t-shirt. That's why we revitalised our women's short sleeve t-shirt range to create fresh, modern styles that align with the desires and aspirations of women from all backgrounds, ages, and body types. Styles that celebrate women for who they truly are, inside and out.

Taking centre stage to showcase our latest women’s fits are five female entrepreneurs nurtured by community. Through mentorship and kinship, Silvia Valero, co-founder of Caressée, empowers women to craft lives they love to live – women like Kuki, a successful make-up artist, ceramic artisans Patricia and Celia, who successfully turned a hobby into a business, and yoga teacher Claudia.

Iconics Mid-light

With our Iconics Mid-Light Collection we're bringing a new focus to lightweight fabrics – so you can easily find iconic styles that are perfectly suited for mid-season and warmer climates.

Simone Natali coaches his beach volleyball teams to be the best they can be. He also understands the focus and dedication it takes to achieve consistently high performance and exceed expectations. His pursuit of excellence makes him a great fit to showcase the Crafter, from our Iconics Mid-Light Collection.

Core Collection

This uplifted Sparker 2.0 t-shirt from our Core Collection is made from 100% organic cotton. It offers the same relaxed look with enhanced attention to detail and an even better printing surface.

Graphic designer and musician Enric Alepuz is the perfect model to show off our uplifted Sparker, since he also loves to play with two sides of the same coin: familiarity and newness. With his retro inspired t-shirts, he delivers a memory blast from the past, while his drumming defies conventions to offer a captivating musical experience.

We believe that the textile and garment industry can act in a responsible way and care about people, the planet, and society. We don't need to tell you more about the reasons why we're fully committed to sourcing organic cotton, reducing our carbon footprint or urging our suppliers to pay a living wage to their workers because we believe these points are important to you too.

We thank you for joining us on our journey, and for sharing your support, enthusiasm and ideas. If you'd like to find out more about our path to sustainability or get involved:
